

ENVIRONMENTAL, SOCIAL & GOVERNANCE

ABOUT US

Finarya is a smart technology platform for end-to-end Integrated Governance, Risk and Compliance. Over the last few years, industries across the board are witnessing fast paced and wide-spread digitization, heightened focus around remote working, stricter regulatory environment and rapidly growing size and complexity of global financial system. These issues underscore the significance of strengthening governance standards around Operational Risk, Compliance Risk, Financial Reporting Risk, Reputation Risk & Governance.

Our product, **"Ethical"**, is designed with a mission to enhance the level of governance and empower organizations to promote transparency in managing the stakeholders for ushering an era to **Reimagine Governance**. **Ethical** platform provides smart configurable dashboarding & reporting capability to review performance metrics across the organization.

ENVIRONMENTAL, SOCIAL & GOVERNANCE [ESG]

ESG has become increasingly important for businesses. ESG is all about understanding and managing the risks associated with your business. It's about making sure you are doing what is necessary to be a responsible corporate citizen. The platform will drive sustainability goals and help meet the reporting requirements for an organization.
